

30<sup>th</sup> May 2008

## **Fuel Supplements**

In light of sustained increases in the price of fuel, Cunard Line will increase the fuel supplement from 2<sup>nd</sup> June 2008. This will apply to all new bookings made from the 2<sup>nd</sup> June 2008 onwards.

The supplement will be **€6.50** per person per day, up to a maximum of **€91** per person for cruises **up to any length**. This includes new bookings for World Cruise/ World Cruise sectors, the maximum will not exceed **€91** per person in total.

This supplement will apply to every passenger travelling, including reduced 3<sup>rd</sup> and 4<sup>th</sup> person fares and reduced or free children's places.

This supplement will appear within "misc fees" on the booking confirmation and will **NOT** be commissionable as we are doing our best to keep price increases as low as possible for our passengers. There will be a note on the confirmation invoice to state that the fuel supplement is included within this field.

Thank you for your support in implementing this supplement .
